These 15 pages are the Tolbert kit that is mailed out by Al Hopkins to all CASI cookoffs. When a cookoff is listed in the Boat Day Gazette as a CASI cookoff, Al does his deal. We want it stopped now! Send the cease and desist letter also, contain the stop action for calling theirs the 24th annual, etc. Our year is already 1/3 over. Please act promptly.

Mark Miller -

At the end of each year, Al Hopkins of the Talbert group, sends out to all CASI cooks the invitation to cook at the Talbert cookoff. Enclosed are 7 pages that comprise the invitation. This pack was sent by Al to my wife. She is CASI all the way, did not cook in a single cookoff sanctioned by Talbert, wants nothing to do with them but she like all other qualified CASI cooks receives this invitation whether you want it or not.

We want this stopped! Now!
