TERLINGUA TRAILS

E. D. NOTES

By the time you receive this TT we will probably be in Lubbock at the GP meeting, but here goes.

We just returned from Lewisville and the Texas State Open CO. Boy, those North Texas pods really know how to put one on! TOT, DAM, Cowtown, and whoever else, gave 110% to make it a huge success. 213 cooks turned in chilis and everything clicked right along without a hitch or glitch. I got to visit with lots of folks in the chili world there.

Special thanks to Gene Shouse, who just returned from Rancho CASI, putting up a new 30ft flag pole. I understand that the landscaping and new steps look good, too. We keep trying to improve the site, but as you know, it takes \$\$\$.

Also, a special note to Glyn Gaines and Jim Ezell of Wichita Falls for corralling Budweiser of Houston as a major sponsor. Way to go, men.

For your info, the following have filed nominations for the CASI Board of Directors: Vickie Childers and Mike Strack, who are incumbents; Keith Bennett, Puget Pod; Joe Canavan, Puget Pod; Mel FitzHenry, TOT pod; Jim Stateczny, Texas Hill country pod; Harvey West, TOT pod. Also, yours truly has filed for re-election as ED. Its good to see all the interest from these dedicated people. Ken Large and Bruce Pinnell decided not to seek re-election. Sure hate to see them go off the Board, but they will be working through Terlingua. Thanks for a super job, Bruce and Ken.

Everything seems to be sailing along for the GP meeting. I look forward to a great time and a successful business meeting there. Remember, there's still time to get those last points to qualify for TICC. Get to work!

Hut Brown, E. D.

TRAIL DROPPINGS

Well, yes, October 1, 1994, begins the 1995 Chili year and I have already had some requests for new rule books for October cookoffs. New Rule Books probably won't be printed before the middle of December (depending on the number of new rules or rule changes) and there could be a lot of them, or none. The best we can probably do is send a 1994 Rule book with a synopsis of the new rules on a separate sheet.

Received a nice letter from Joe Fielder of the Terlingua Area Medics, thanking us for the donation from our August 6 cookoff. Joe explained that the Medics had operated on between \$55,000 to \$65,000 per year in the past, but the funding has been cut to \$25,000 to operate an MICU that covers around 3,000 square miles.

So, after talking it over, proceeds from donations at the Black Gold Pod Fish Fry on Wednesday night, Nov. 2, at Terlingua will be assigned to the Terlingua Medics. (We promise to have plenty of fish this time.)

We now have a flag pole to hoist the colors at Rancho CASI, and a special thank you goes out to: Gene Shouse, Kevin Larson and Brandon Larson who did the lions share of work in laying the base for the flag pole.

The August Trash Pick-up was another success story as the Scotts, Chapmans, Larsons, and Larges scoured the two mile stretch of highway right-of-way to remove the numerous cans, bottles, paper etc; deposited by litter-bugs since April. They also received amply DRIVE-BY supervision from CASI President Robert Bell.

MEMBERSHIP NOTES:

Last month I reminded you that it was time to renew annual membership. Honestly, I did not expect the response. It was like you read my mind. The response has been overwhelming. Your response has been so great, I even thought that we might not have to mail out the reminders. So, you still have time to beat the rush and renew now. If for some reason, you are tired of sending the annual dues, we still have a few LIFE MEMBERSHIPS available. This society won't work without a strong, enthusiastic membership. You all are the reason for the success of CASI.

If you have already paid your 1994-1995 dues, I will mail the new cards in September.

Thank you.
Mike Strack,
Membership Chairman

If you have not seen your name on any of the qualifying list or have not received a card from me telling you that you have qualified, and you believe in your own mind that you have attained the necessary points that your state requires to qualify, I strongly suggest that you call me immediately at (713) 475-1660 and we will compare notes to try and get the matter straight. I don't want a cook to miss their invitation to come and cook in the TICC when they have qualified.

I'm not passing the buck, when I say that 75% of the time when a cook calls and wants to know why they haven't received their qualifying card, its because someone, either the promoter or referee has failed to send me the paperwork. Then I have to get on the phone and start making calls to find out where the crack is that the papers have fallen into. Occasionally, the reason a cook is not qualified is simply because I couldn't read the writing on the tally sheet; names are misspelt; and then there are those cooks that go under different alias, i. e. John Doe, Frank Doe, J. F. Doe, all being the one and same but I don't know that name doesn't come up exactly as it is already in the computer, those points are credited to whomever the cook wanted to be at that particular cookoff. The majority of the name changing offenders belong to you show teams. One cookoff you cook under "Hot Chili Peppers", the next time you made add "Red" in front of "hot" and become an entirely different show team in the computer, thus your points get distributed under separate tally records, and that makes it difficult to accrue enough points to qualify.

The bottom line is....if you think you should be qualified and haven't been.....give me a call A.S.A.P. So we can compare your record against mine and get

the matter straightened out before time to go to Terlingua.

Ralph Hay
Tally Master

CONGRATULATIONS TO THE CHAMPIONS OF TEXAS CHILI

The new TEXAS OPEN CHILI CHAMPION is CHRIS COLE of Whitehouse, Texas. Chris is currently a student at the University of Texas at Arlington.

AMANDA MATAHESON of Amarillo, Texas captured the JUNIOR CHAMPIONSHIP for the second year in a row.

The AARDVARKS Show Team of Irving, Texas did a three-peat and captured the title for show for the third year in a row.

This year's event hosted a a record 213 CASI cooks, 19 Juniors and 17 in the Local Division.

A marvelous time was had by those who attended the cooks party. This year the event was catered by the old Town Market from Lewisville, Texas. The food was excellent the beer was cold and the music, like the temperature, was hot.

The RV Park was full to capacity. Looks like we need to reserve additional spaces for next year!!!

A few of the questions asked were: When can we sign up for next year? Will there be a golf tournament next year? WHAT IS THIS, in reference to the traveling SPICE CASE and four Plastic spice jars.

These being the most pressing items raised, the cookoff must have been a success.

A heart felt thanks goes out to the many volunteers that made this event possible. Jim Luhn was our Head Chili Judge and was assisted by everyone who was asked. Rick Butler, Great Pepper of the Houston Pod acted as our Head Show Judge. Mikie McGarity for registration. Bruce Stewart, Nick McGarity, David Mansky and Bob Mercer of the Cowtown Pod handled the calcutta board. The thankless job of parking was handled by DAM Pod members Darrell Baxter, Davey Stateler and other volunteers. The cooks party, as well as the clean up, was superbly directed by the Top of Texas Pod under the guidance of Pepper Popper Sandra Watts.

A special thanks goes to the behind the stage group that assembled the chairs, trophies and other items given to our winners.

Our host, The City of Lewisville, Parks and leisure Services Division, once again out did themselves in supplying services and support for this event. Without their support this event would be just another cookoff.

We, the directors, would like to invite YOU to come to Lewisville, August 12, 1995 and be an active participant in one of the greatest cookoffs in the STATE OF TEXAS.

Ken, Mikie and Doris

WHAT CAN I SAY ABOUT THE 1994 TEXAS OPEN STATE CHAMPION?

He's big, he's loveable, he's smart, he's humble, he taught my dog how to catch a frizbee in mid-air, and most importantly, he's one of my very best friends. He's Chris Cole of Whitehouse, TX.

Congratulations Chris! Along with your chili, your humility and integrity make you a true champion who is worthy of the title you hold.

CASI Director - Candidate Information

Name: Jim Stateczny
Alias: King James
Candidate: CASI Director

I have been involved with chili since the mid 1970's and my claim to fame has clearly been more in the world of chili showmanship than in the world of cooking chili (If you have had the opportunity to taste my chili you should clearly understand this comment). In the last few years I have used my professional talents to write the computer program that is currently being used by Ralph Hay to keep track of cookoff results and qualification points, and the program that is currently being used at chili cookoffs to do the job of tallying. The "Tally-Master" program is also being used by Myrl Coultas to keep track of Arizona cooks. The "Tally" program has been used in Terlingua for the last two years, the Texas Ladies State Championship for the last two years, and at the Texas Men's State Championship for the first time in 1993. I am currently the Great Pepper of the Texas Hill Country Pod.

As a CASI Director I believe that I could make the following contributions:

Brewster County - Brewster County is currently a customer of Hill Country Software, which is my company. Because of my relationship with many of the people in the Brewster County Courthouse I feel that I can be very helpful by being involved with any dealings that CASI might have with the county. Further, with most of the surrounding counties also being customers of mine and my wife Shirley being the current Alcaldesa, I find myself in the Brewster County area quite often during the year and I believe that this presence could be beneficial to CASI.

Computerization of CASI - I would like to use my skills to develop a system that would be used by the promoters of chili cookoffs. I would like to see a system where promoters of chili cookoffs would call an 800 number to register their cookoff with CASI. This system would contain a database that would allow a quick cross-reference of all other cookoffs on that date and their approximate distance from the cookoff in

question. This system would also have the ability to suggest alternate cookoff dates based on activity in the surrounding area. This system would then send cookoff notification to both the Terlingua Trails and Goat Gap Gazette on a monthly basis and would do so on diskette so that this data could be automatically fed into their printing systems. Finally, this system could be set up with modem access for those promoters with modem capabilities. I think that this type of system would be very helpful in dealing with the problems concerning the scheduling of chili cookoffs. I would also be interested in establishing an accounting system that could be passed on from one CASI treasurer to the next, thus establishing a consistency in our accounting procedures and financial reporting.

Regional Referee - I believe that CASI needs to take a serious look at this very important position. I believe that we need to review the way regional referees are elected and appointed, the jurisdiction of each referee, the powers of the regional referee, and the support given to the referees by the CASI Board of Directors when the problems occur. I believe that currently most of these areas are not as clear as they should be and that in the past regional referees have not been given the backing they deserve when they have had to make some tough decisions.

Jim Stateczny

In any successful enterprise there comes a time when the decision to move forward or remain status quo raised it's ugly head. CASI has come to that fork in the road. Shall we stay as we are or take that wavering step into the future and keep up with the rest of the world.

Just what in the hell is that man talking about, you are probably asking yourself. Is he making a point or does he just like to type. Good question! But, let me get to the point.

From back in the Fowler-Allen days of chili, competitive chili cooking has taken off like a rocket and never has looked back. That growth has caused CASI to acquire a millstone called "management". To cope with this new partner in chili, wise heads decided that a board of directors should be installed to handle the myriad of problems and business decisions that were required to run this burgeoning organization. Voila! The CASI board of stoic men and women were

snatched from their quiet and peaceful everyday lives and thrust into the world of business management.

True, they were all volunteers and they did and are doing a great job. But the hours required to take care of business are growing. Now is the time to ease the burden a bit from their shoulders by adding an executive assistant and locate a permanent office. This would be an office where all mail could be received, and all business would be directed and directed to the appropriate board member. The executive director would supervise this office and report to the board.

A permanent address and bank would be established. All chiliheads would have a central location to call for information. Sponsors or other interested parties would have a contact point. Some of the day-to-day work could be done by the assistant. This would ease the time "crunch" on the board and leave them to do what they do best -- run the organization!!!

This would not eliminate or dilute the position on the board, but rather remove some of the drudge work to a clerk, leaving the board to devote their energies to creative problem solving and ideas.

This next step deserves a great deal of consideration and as a director, I would like to take a role in making it happen. Let's talk about it at Lubbock. See you there, and don't forget to vote for me.

Sincerely,
Keith E. Bennett

Subject: Support of Keith Bennett for position on CASI Board of Directors

The purpose of this letter is to inform all and sundry of the support and backing of the Puget POD of CASI for Keith Bennett in his campaign to seek election to the CASI Board of Directors.

A vote was held by the officers and stirring committee of the Puget Pod where the overwhelming majority solidly stood behind the crusade of Mr. Bennett.

Although I personally will not be attending the Great Peppers Meeting this fall I have instructed my proxy, Joe Canavan to cast his vote as the POD has dictated.

Sincerely,
Bob Edwards,
