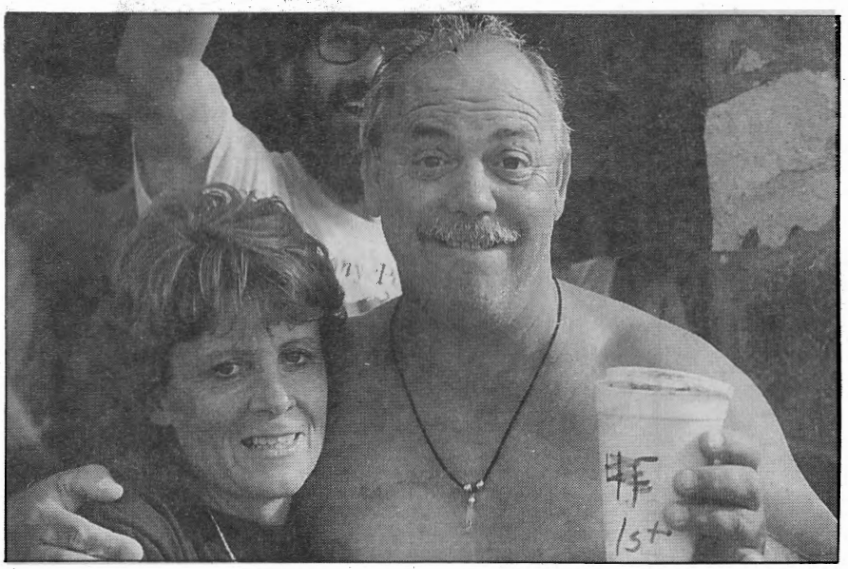
It Seems that Su Stuhr, one of the best chili cooks in the state of Colorado (from Highlands Ranch), was away from her pot of chili (Visiting with friends) when it burned up



John Banus of Mesa, Arizona (aka John Banuswood) was excited about winning his first ever 1st Place chili award. As a chli Cook John has come a long way in less that two years!

If you have a cook-off coming up in the month of **September** it must be received by the **15th of August** to meet the 30 day advertising requirement

ED NOTES

How about all these places in Texas recording day after day of triple digit temperatures 7 We have certainly had our share of 105, 106, 107, etc. days here in El Paso. Combined with higher than normal humidity. The swamp coolers don't even work.

All Great Peppers arid Directors have by now, received proposed Rule changes. Please discuss these with your Pods and decide how to proceed at De l Rio. We will have a Caucus to meet the candidates and to preview the proposed changes to the rules on Friday afternoon. I haven't heard much in the way of candidates except for Executive Director. Currently there are four declared candidates for the ED position:

Johnye Harriman of Midland
Ken Robbins of Lewisville
Ken Reed at Texas and Carolina
Jimmy Taylor of Johnson City

All current Directors whose terms expire this year have indicated that they will be candidates for re-election.

Not a whole lot of earth-shaking proposals for Rule changes: Instructions to chili judges. Roll call voting at the GP meeting, multiple cookoff's on the same site, cooking in the arena at TICC, CASI membership required to cook at TICC, Increasing the number of points required in six and nine point states. All CASI members to vote on CASI business, Cookoffs must advertise cut or ground meat, Tie-breaking or awarding of duplicate places for ties. This is a quick synopsis of the proposed changes to the rules. There were several duplications by various Pods. I look forward to seeing every Pod represented at Del Rio.

Guess who just qualified for TICC this weekend? Yours truly went to the White Sands Missile Range Summer Sizzler celebration needing three points. We mingled with cooks from Marble Falls, Granbury, Arizona, New Mexico, and Texas. When the results were announced, I came in 2nd to get the needed three points. Talk about luck! Now the pressure is off and I can truly enjoy the remaining cookoffs.

Speaking, of cookoffs, my lovely bride arid journeyed to Odessa in June to two cookoffs on the same weekend. This was during the heat wave in Texas, and my trailer thermometer had somehow

disappeared, so a quick journey to Wal-Mart to procure another one. On Saturday, under the shade of my awning, it went up to 114 degrees. On Sunday , only 112 degrees. I'm looking forward to Cloudcroft, at over 8,000 feet and a cool cookoff for a change. The White Sands cookoff was great, The Army cut no corners to assure our comfort. Beautiful RV facilities and great clubhouse. This was the 4th Annual, but my first one there. On the way home on Sunday, there had been lots of rabbits trying to get to the greener grass on the other side of the highway. Well, squashed rabbits bring out buzzards. Now some buzzards hate to leave their steaming repast until the last second. Well, one old-timer waited a little too long to lake flight and when a high rise 5th wheel trailer smacks a buzzard at 55 MPH, it do make a mess on the front of the trailer. Good thing my big red chili blended in with his remains. By the way, I didn't add that it was also 112 degrees at White Sands, under the awning.

So, cut that meat with TLC, blend those spices caringly, keep the lid on our pot, and GET THOSE POINTS. I' still shooting for over 300 cooks at TICC.

Good luck

HUT BROWN ED

Cooking chili during this time of the year really puts CASI chiliheads to the test. I hope somebody has found a cool place to cook. I know this is the summer season, but the July heatwave has been just a little to hot for me. Diane and I just returned from a much to short vacation to the Grand Tetons in Wyoming the area would be a perfect place to cook chili during the summer months and what beautiful country I hope the weather cools down for the upcoming Texas Open cookoff. The Board will be meeting on Friday before the cookoff, We hope to finalize many of the plans for the upcoming TICC, we look forward to another great cookoff this year We are once again having some construction work done at the CASI site during the off season and hope these improvements will turnout as well as those that were done last year. The many good comments that came from our membership as well as our guests prompted the Board to continue improving the Ranch. We hope you will continue to support Ranch improvements when they become necessary they sure make TICC better for everyone. The Great Peppers meeting is just around the corner, the Del Rio Pod has sent out the registration forays for the meeting, so try to return them as soon as possible They are doing a fine job and appear to have a great meeting in store for those attending this year. By the way, if you have never attended a Great Peppers meeting, this year in Del Rio sounds like a good one to make.

Director:

In the July issue of the Terlingua Trails you may see an article pertaining to my announcement to run for the position of Executive Director. The article shows my business experience and the positions I have served with various Pods while being a CASI member. What the article does not say is what I feel I can do to help CASI and its members. I would like to take just a short moment to let you know.

First of all let me say that I have the deepest admiration for Hut Brown and the job he has done as our Executive Director over the last eight years. I hope that we as an organization can continue what has been accomplished during the time he has served us so well.

From this I feel I have three big skills that will be a big help to the Board of Directors and all CASI members. I am a ORGANIZER, a LISTENER, and a DOER.

Even though CASI is very well organized, each month and each year I know there are things that come up that require thought and organizational skills to make them work. To this I am not one who likes to rush into a difficult decision but at the same time I will make decisions, even the hard ones, when they need to be made. I try to determine what all the possibilities can be and then choose the best way to accomplish the task.

In the years I have served as a Great Pepper I spent a lot of time listening to the Pod members and the general CASI members wherever I was. From their input I tried to accomplish what they wanted! Even though some to the items were very controversial, I have always tried to do what was right for CASI and all of it's members.

If elected to the position of Executive Director I am willing to do whatever is necessary to help CASI continue its path of success. I am not afford to sweep toilets if that is what is necessary.

Thank you for your consideration and I look forward to speaking with you.

Ken Robbins
CASI Member LO54

Myrl Coultas

Dear Myrl:

We want to thank all of the caring CASI cooks who have saved their Swanson's and Campbell product labels for the kids here at Terlingua School. Taking the time to save these labels and sent them to the school or Dorothy and me means a lot to these children. This year the label program has allowed the school to acquire various Computer Software Programs, Playground Equipment, Sports Equipment and Science Laboratory supplies. With our miniscule tax base, these additions to our budget allow us to provide a better level of education to our students.

The High School will have 4 Seniors, 14 Juniors, 29 Sophomores and 15 Freshmen this year. In addition, we will almost certainly have several more students show up on the doorsteps when we start classes in the fall. Prom the 16 students who were "making the longest ride" in 1995 to the 51 students last year to the 62 plus enrollment of next year has been an expansion of enrollment that has far exceeded our fondest hopes. We have a dedicated staff and a hard working, serious student body that we are all proud of. The help that has come from the CASI cooks helps us show these kids that there is a world outside of Terlingua that knows that they exist and cares enough to help them.

Sincerely,

Tom and Dorothy Williams

To All CASI Members

Thank you for providing me the opportunity to serve as one of your Directors for the past two years. The CASI Board is comprised of eleven dedicated individuals who have a common goal of keeping your organization strong and representing each of you. It has been a pleasure to be part of this group.

As a first year Director in 1996, I wanted to learn, see, and do all I could for CASI. In 1997, I accepted the office of Secretary and expanded my understanding of CASI. Now, I am asking for your support to continue as one of your Directors.

I have submitted my nomination form to our Executive Director and I now ask for your vote at the Great Peppers Meeting soon to be held in Del Rio, Texas.

Thank You

Preston Shaw

With great excitement I announce my candidacy for Executive Director of CASI. I recognize the work that lies ahead for CASI and I want to offer what I may. Having worked with Hut Brown during his years as Executive Director, I understand the demands inherent therein - and I ask your support in helping me help CASI.

CASI is truly an example of the whole being greater than the sum of its parts. It has a rich, talented base of experienced and willing volunteers. The Board of Directors and members such as the Tallymaster and Alcaldesa who are not on the Board are outstanding examples of people dedicated to an organization they believe in. I want to join that group.

By way of background, I was Great Pepper of the Pod of the Pass for five and one-half years. I served as West Texas Regional Referee for over two years, and as Northern Arizona Regional Referee for almost two years. I have served a number of years as the Nominating Committee Chairman and facilitator for the Candidates' Caucus at Great Peppers' Meetings. In addition, I have worked closely with Hut on rules revisions and with administrative tasks. I am a life member of CASI and was lucky enough to participate at the Rancho CASI de los Chisos groundbreaking. My husband Russ and I own two Rancho sites. One of my happiest moments in CASI was being named a Great Pepper of the Year.

In addition, I recently received several service awards from the Maricopa County Sheriff's office (Arizona) for law enforcement efforts while serving as Commander of the Sheriff's Office Special Forces Posse. Several years ago I was the pre-Race chairman for the El Paso Race for the Cure, a position which involved oversight of advertising, sanctioning, registration, data input, demographics and reporting to a national nonprofit organization.

These experiences - and my "real" profession in the legal and business fields - have given me many opportunities to interact with people and to direct resources. I view the Executive Director position as the administrative arm of the Board and CASI, and I would hope that my skills would be useful. I will continue to support CASI and the Board whether or not elected.

"CASI Can!" has been chosen as a theme for my campaign because I believe "CASI Can!" and does make a difference. I believe that working together is much better than working towards different ends. And I believe that - as an organization of chili cooks - "CASI Can!" meet its goals.

Russ and I look forward to a very positive Great Peppers' Meeting in Del Rio and to visiting with you there. Please do not hesitate to contact me if I may answer any questions in the interim or help you in any way.

Sincerely

Johnye J. Harriman

P.S. - In a thank you note to Hut in the Terlingua Trails last month, an error was made. The text read "I lean from Hut"; I hope you know that it was supposed to be "I learn from Hut", which, of course, is what we all have done.

Jerry Hunt placng in Tyler

I tried to write a drinking song once, but couldn't get past the first bar.

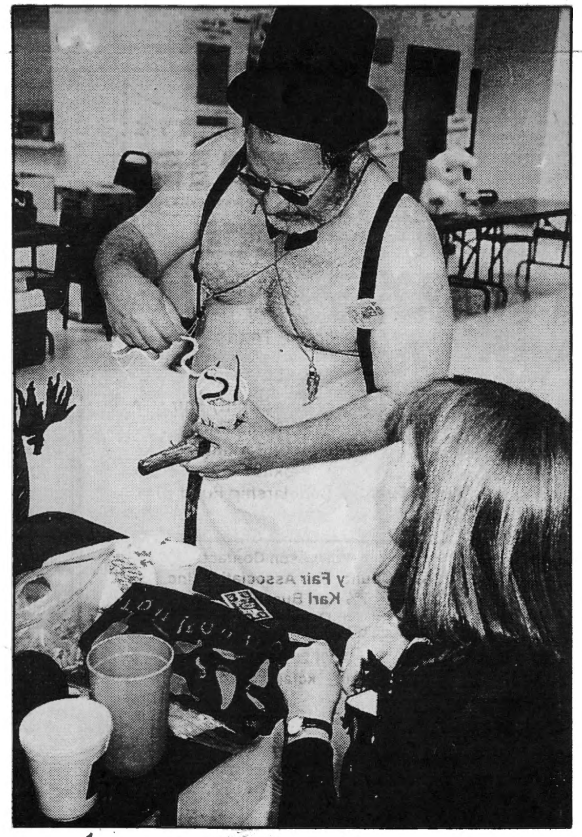
So this horse walks into a bar and the bartender says, "Why the long face?"

Pun of the Month

So this guy Ralph walks into a bar and sits down to have a drink. There's only one other person sitting at the bar and he's way down at the other end of the room slouched over his table.

Ralph orders a drink and as he tilts hes head back to imbibe the first cold one of the day he hears a very, very tiny voice say "Hey, nice tie!" Ralph sits down the drink with great speed and looks around the room. Bartender at one end washing glasses and the drunk sitting way over in the corner passed out.

Ralph shakes his head, chuckles at what just happened and writes it off as his mind just being over worked and under fed! As he lifts his mug of beer for his now much needed thirst quencer he hears "Hey buddy, that's a fantastic button-down shirt in a very attractive broad cloth material" Now Ralph thinks the bartender must be putting him on by being a ventrilaquist. He calls the bartender over to challenge him. "Hey Yourself," Ralph said. "Who said those things to me while I was trying to take a drink?" The bartender replied, "Look in front of you.....in the bowl on the bar.....those are just complimentary peanust!"



Bud Barrick, area referee at the New mexico State men's & Women's Open CCO's, is demonstrating the fine art of "Spice" grinding to fellow chilihead Diana Gagnon
