GREAT PEPPERS MEETING - 1999
SAINT CHARLES, ILLINOIS
WELCOME TO ILLINOIS!

By now you've all got your travel plans and room reservations well in hand. Here's some of what you can expect. Here in Northern Illinois we experience all four seasons, often in the same day. Chicago is a diverse city and over 350 languages are spoken here. And that's just in the taxi caps. Actually the weather should be quite nice with temperatures in the mid 70's cooling to the mid 40's at night. Chicago is a big beautiful (at times) city and I hope many of you will take some time to se it. If you plan a trip into the city, your best bet is to take the train. Commuters run from nearby Geneva and Aurora many times a day. Parking in downtown Chicago (locally known as "The Loop") is an adventure to say the least. If you want to stay close to home, Pheasant Run Resort offers many activities such as golf, swimming, and the chili cooks favorite; drinking. There are many shops and restaurants in nearby St. Charles and shuttles into town. We truly hope you enjoy your visit to the Chicagoland area and will do what we can to make you feel welcome. Previously there was some confusion on the limo service phone number. Calling the resort at 800-999-3319 will get you through to A1 limo. If you need a number to leave with relatives use 630-584-6300. If you need to contact us, the phone number is 630-879-7934 or e-mail us at WCPierson@aol.com. Looking forward to seeing you all real soon

Bill & Cheryl Pierson.

MEMBERSHIP NOTE: To All Annual Members Your 1999 are due.
Now is a good time to renew your ANNUAL membership.

NO WAITING!!! NO WAITING!!! NO WAITING!!!

Just fill out the membership form in this Terlingua Trails and mail it to the address listed. Thank you.

Email to Myrl

With so many people having access to email now, the best way to get your information to the Terlingua Trails is to email it. That way, Myrl can simply cut and paste your information into the body of the paper. Myrl would love to see more articles.

If you send your Upcomings listings to Myrl, it is helpful to forward the information the way that it appears in the Trails:

Month day, year, city, state. Name of cookoff, location. Benefit/charity. Entry fee, checks payable to {name}. Other relevant information. Contact name and phone number/email, address with ZIP Code

Sounds simple, but it does help a great deal Thanks

If you have a cook-off coming up in the month of November it must be received by the 15th of September to meet the 30 day advertising requirement

Tombstone May 30th

Wyatt Earp lived here and killed people here but I doubt if he cooked much chili here. If you stop at "Boot Hill" you can see the grave marker of someone named Lester Moore. He got himself shot four times with a 44. No Less, No More. Nice pun and it sorta describes my participation at this year's Earp Days Chili Cookoff. I needed but one point to qualify for Terlingua. After three hours of travel, then six hours of fooling around you'd think I would deserve something besides a quick burial. Well, I broke one of my rules. I was tasting my chili for doneness and then...I began to modify my recipe. Who knows what obnoxious concoction I finally turned in to the judges. I hope they don't find out who did it to them.

Yes! I want to continue with CASI. I've enclosed my check. Thank you for reminding me.

Mike Strack, Membership Chairman

What is a Dog?

Dogs lie around all day, sprawled on the most comfortable piece of furniture in the house They can hear a package of food opening half a block away, but don't hear you when you're in the same room.
They can look dumb and lovable all at the same time.
They growl when they are not happy.
When you want to play, they want to play.
When you want to be alone, they want to play.
They are great at begging.
They will love you forever if you rub their tummies.
They leave their toys everywhere.
They do disgusting things with their mouths and then try to give you a kiss.

Conclusion: They're little men in fur coats.

"It's So Hot here in Texas that....."

The birds have to use pot holders to pull worms out of the ground.

Farmers are feeding their chickens crushed ice to keep them from laying hard boiled eggs.
The cows are giving evaporated milk.
The trees are whistling for the dogs.
You can say 115 degrees without fainting.
You eat hot chilies to cool your mouth off.
You learn that the chrome levers on your car make a pretty good branding iron.
The temperature drops below 95, you feel a bit chilly.
You discover that in July, it takes only 2 fingers to drive your car.
You discover that you can get a sunburn through your windshield.
You notice the best parking place is determined by shade instead of distance.
Hot water now comes out of both taps.
You break a sweat the instant you step outside at 7:30 a.m. before work.
Your biggest motorcycle wreck fear is, "What if I get knocked out and end up lying on the pavement and cook to death?"
You realize that asphalt has a liquid state.
Now that your yard has burnt, you do not have to spend time mowing but it is still to hot to ride.
You have to chew the air properly before you can swallow it.

Dear CASI member,

On Site

One more month in the chili year. I'm not sure where the time goes, but it is going quickly. By the time you get this Terlingua Trails, we should be on the way to the Great Peppers' Meeting in St. Charles. I am really looking forward to the meeting this year; I was too nervous last year to enjoy it.

If you are packing for the Great Peppers' Meeting, throw in some extra copies of your Pod newsletter. This is a great way to exchange information.

We've had almost two months of Almost Daily Emails (AiDEs) going out to chiliheads. These AiDEs are intended to be quick, informative messages of relevance right now. Never intended to replace the Terlingua Trails, the AiDEs are useful in getting out information in a hurry. I try to do these daily (hence the name), but sometimes just don't make it. If you are not already on the list and would like to be, please email me at rhjhshow@aol.com. Of course, to make this work I need information from your areas. It is a fun project - and you get the latest information, such as a possible "Killer Whale Pod" joining the chili ranks.

A special request from Vickie Childers and Cindy Reed: Please take a few minutes to send Vickie your local newspaper's name, address, contact, contact name and phone/email. They want to insure maximum coverage for the information they produce on Terlingua, and we are in the best position to help them. A few minutes of your time are all it takes, and you will be helping insure good coverage for our news.

Please be reminded, if you are an annual CASI member, that it is time to renew your dues. I'm working with Mike Strack to get labels ready to go so that as soon as the printer has the new rulebooks ready, they will be mailed to those whose dues are paid. Hopefully, we can have 1999/ 2000 rulebooks in our hands by the beginning of the chili year.

Have a great September, and be safe out there.

Johnye

The woman's husband had been slipping in and out of a coma for several months, yet she had stayed by his bedside every single day. One day, when he came to, he motioned for her to come nearer.
As she sat by him, he whispered, eyes full of tears,
"My dearest, you have been with me all through the bad times. When I got fired, you were there to support me. When my business failed, you were there. When I got shot, you were by my side. When we lost the house, you stayed right here. When my health started failing, you were still by m · side. You know what?"
"What dear?" She gently asked, smiling as her heart began to fill with warmth. "I think you're bad luck."

To My Fellow CASI Members:

I would like to take this opportunity to announce my intent to run for director.

My name is Jamie Rohr. I am a Life Member of CASI, a past Great Pepper of Top of Texas Pod, past Pepper Popper of Cowtown Pod and area referee for both pods for several years. Along with my affiliation with CASI, I am also involved with the American legion Post and served as Commander in my Post and Sergeant at Arms at the State Level.

So, why do I come to you and ask your support? Simple, I believe that my interest in CASI, as my main interest hobby, is to secure, maintain and foster both the growth of CASI along with its membership. I have come to the realization that this is supposed to be fun and will strive to make it that way.

I Will serve in the capacity as directed by the board and its members.

I look forward to meeting all the representatives at the Great Peppers meeting and would like your support

Sincerely,

Jamie Rohr

HELP!!!!!!!!!!!

Alaska has been invaded by CASI, the Texas Hill Country to be exact. Fred & Melba Westerman and BIG Dick & Mary Rogers blew into town last week with huge freezers in tow, trying to drain the Alaska rivers of fresh Salmon. I took them on a nickel tour of the city the other day, found a loose Moose out by the airport. Fred could nearly touch him by reaching out the window, but I couldn't get him to go outside & pet him. Showed them Ship Creek, which is a Mark McGwire home run ball from downtown, where we pull in 30 to 40 lb. kings , but they got here just a few days after the king run was over. Silvers and Reds aren't due in til next week so they took off for the Keani Peninsula in search of a 400 lb. Halibut. I hooked them up with our Service Mgr., who used to run a Sporting Goods store up here & he gave them 15 years of advice in 30 minutes. They took off for Homer but called from Seward two days later looking for a charter for Resurrection Bay. I gave them the # & haven't heard from them since. I haven't seen their names in the paper , which is good, but it also means they haven't caught the 400 pounder. Oh well, the 50 to 75 pounders taste better anyhow. They're due back in Anchorage by the 14th along with Reggie Graves (Tiger Tail Chili) of Leander, Texas and maybe our Flyboy buddy from Dallas (Jim Stoddard) for the Moose Lodge Cook-off (CASI) of course. I offered to take them Flight Seeing later, but that was right after the terrible news about Kennedy, and none of them jumped up to volunteer. More later as I get updates from the Geriatric Lonesome Dove bunch. Geriatric ????? Hell, they're not that much older than me, well----- maybe Dick.

Irish Joke

Two Irishmen were adrift in a life boat following a dramatic escape from a burning freight vessel. While rummaging through the boat's provisions, one of the two men came across an old lamp. Secretly hoping that a Genie would appear, he rubbed the lamp vigorously. To the amazement of the Castaways, one did come forth! This particular Genie, however, stated that she could only deliver one wish, not the standard three. Without giving much thought to the matter the man blurted out, "Turn the entire ocean into beer!" Immediately the Genie clapped her hands, and with a deafening crash the entire sea turned to the finest brew ever sampled by mortals. Simultaneously, the Genie vanished to her freedom. Only the gentle lapping of the beer on the hull of the life boat broke the sudden stillness as the two men considered their circumstances. The other man looked disgustedly at the man who's wish had been granted. After a long, tension filled moment he spoke: "Nice going! Now we're going to have to pee in the boat."

DEEP THOUGHTS

Never raise your hands to your kids. It leaves your groin unprotected.

I'm not into working out. My philosophy: No pain, no pain.

I am in shape. Round's a shape...

I'm desperately trying to figure out why kamikaze pilots wore helmets.

Ever wonder if illiterate people get the full effect of alphabet soup?

I always wanted to be somebody, but I should have been more specific.

Did you ever notice when you blow in a dog's face he gets mad at you? But when you take him in a car he sticks his head out the window.

Have you ever noticed? Anybody going slower than you is an idiot, and anyone going faster than you is a maniac.

You have to stay in shape. My grandmother started walking five miles a day when she was 60. She's 97 today and we don't know where she is.

The reason most people play golf is to wear clothes they would not be caught dead in otherwise.

Anytime four New Yorkers get into a cab together without arguing a bank robbery has just taken place.

I have six locks on my door all in a row. When I go out, I lock every other one. I figure no matter how long somebody stands there picking the locks, they are always locking three.

The statistics on sanity are that one out of every four Americans is suffering from some form of mental illness. Think of your three best friends. If they are okay, then it's you.

Now they show you how detergents take out bloodstains, a pretty violent image there. I think if you've got a T-shirt with a bloodstain all over it, maybe laundry isn't your biggest problem. Maybe you should get rid of the body before you do the wash.

I ask people why they have deer heads on their walls. They always say because it's such a beautiful animal. There you go. I think my mother is attractive, but I only have photographs of her.

A lady came up to me on the street and pointed at my suede jacket. 'You know a cow was murdered for that jacket'? She sneered. I replied in a psychotic tone, 'I didn't know there were any witnesses. Now I'll have to kill you too.'

Future historians will be able to study at the Gerald Ford Library; the James Carter Library; the Ronald Reagan Library and the Bill Clinton Adult Bookstore.

When someone annoys you, it takes 42 muscles to frown. But it takes only 4 muscles to extend your arm and whack them in the head.

Pun of the Month

Two fishermen were out on the lake when one of them dropped his wallet. As they watched the wallet float down to the depths of the Lake, a carp came along and snatched up the wallet. So came another carp who store it away and then a third joined in. Remarked one of the fisherman, "That's the first time I've ever seen carp-to-carp walleting."

Differences Between Bathing Suits of "Now & Then"

The difference between bathing suits of Now and Then is that the bathing suits of the past required that you pen the suit to see the buttocks
The bathing suits today require that you open the buttocks to see the suit.

Journey to the Other Side

By Richard Knight
Lebanon, Tennessee
Printed by permission
From his **"HOT** Words From The Heart" collection
Copyright 1998

You nervously park your car on the American side,
And walk the Rio Grande trail, where Banditos could hide
With your friends, you climb into the antique leaky rowboat
On Mexican soil, each will pay the man two U.S. Federal notes

Commence negotiating for a ride across the white sugar sand,
You are about to journey into "no man's land."
Tighten the century **old saddle** and climb aboard your jackass
To set forth across the **desert, with** a great view of the Mountain Pass

Casually your burro moves, toward Boquillas way,
Ahead you know waits a mild cold can of Tecate
The village is now within view, it's only a few more blocks
Then the children appear, they're selling their trinkets and rocks

You walk past a squad of Federales, in their full battle gear,
Into the town's only bar, where your chili friends are buying the beer
The bar patrons are oblivious to the barefoot lady strumming the guitar,
And you'll find no imported beer here, like Texas Lone Star

After consuming a few shots of the local brew
you're challenged to a pool game, with one broomstick cue
Then nature calls, in this foreign land, to what may be your doom
Your health could be in danger, using the outside facade of a restroom

Walking the dirt streets, you stop to view the local church,
An honorarium is paid to the shoeless guide who cites a bible verse
You travel on, toward the laughter coming from the front porch cafe,
Arriving you order a Corona and tacos, made fresh their original way.

Then to the two room school to deliver your supplies,
The bubbling faces of children always bring tears to your eyes
Needful supplies you have brought for the girls and boys,
And from a small voice, "Gracious" cuts through the joyful noise

Friendship, charity, and good fun has been today's rule,
But it is now time for the return journey atop your rented mule
Memories of Boquillas are etched in your mind this afternoon
A place, where time stands still, in the Mexican sand dunes

Q: What's the difference between a tick and a lawyer?
A: A tick falls off you when you die.

CHIEF

An Indian chief was feeling very sick, so he summoned the medicine man. After a brief examination, the medicine man took out a long, thin strip of Elk hide and gave it to the chief, instructing him to bite off, chew and swallow one inch of the leather every day. After a month, the medicine man returned to see how the chief was feeling. The Chief shrugged and said, "The thong is ended, but the malady lingers on."

Alamo Chili News

George's Paradise **Fort Worth**

To Arms To Arms

Callin all patriotic "Small show teams" & their "Fans." Break out the powder and ball! Let "Remember last year," "be our call."

The "**only**" division, including "Chili," that isn't either breaking even or declining! And they wanted to cut us short! They should of added "6th & 7th" instead. Our numbers, for our division, have increased the past three years and will increase this year "even more." "Small Show," is the future in showmanship!

So, don't write your Congressperson, "Better yet," call your "Great Pepper" or write em, or just roll over and passionately kiss "him" or "her" and just let them "know" how you "feel" about "small show!"

"Small show" is the "back bone" of "showmanship" and thousands of people across this planet are into "small shows."

We need to "praise these people" "for doing" **whatever** it takes to **get** to Terlingua! "We need more of them." So please, "let's all pull together," take the time to let your Great! Pepper! Know!

They heard our "plea," our "cry" last year at Terlingua! They just need a "**reminder...**"

Then they gave us back 4th & 5th and for this we "Thank Them!!" But the job isn't "finished" yet!

Always your friend,
Col. George F. Roof III

8/11/1999

A long time Austin and SOT Pod chili cook died at his home yesterday. He was Nim Graves. He has cooked chili for several years around central Texas, has qualified for Terlingua a couple of times and cooked in the big one at least once. He is the brother of another of our excellent chili cooks, Reggie Graves of Cedar Park, Texas. Arrangements for Nim are sti'l pending as of this writing.

At four in the morning outside a convenience store only two blocks from the house as the Smiths and I stop for ice and coffee, someone asked me if I have any "crack" for sale. I thinks that I ought to take a look in a mirror and consider what kind of visual presentation I make to the public! Anyhow, for this trip we've picked up Mary Ellen Scott who is known as MES 1 as to either an age or beauty advantage over Mary Ellen Smith. Know as MES 2. Anyhow, she has 9 points having got her 9th the day before in Prescott. She is in the chase. At Sierra Vista we arrive early, not late, and so have time for socializing. It seems that the cooks had a great time Saturday night as the camp grounds was turned into a small lake by a passing storm. We are joined by Sylvia Demski and Jim Sicard who were also at the Prescott cookoff as Sylvia is also in pursuit of points. With judging done, Steve comes in 4th with his "mild as mother's milk" recipe. I really can't believe it! Sylvia turns out a decent chili and finishes 7th for one point. MES 1 made probably the best chili of the three and only made the final table. Go figure. Jim and myself write our names and other notes on the outside of our judging cups offering money and other special favors to the judges if they select our chili as winners. Of course we are disqualified but it was good for a laugh, or at least we thought so. The trip home is good cause some of us collected some points. Our goal for this weekend was accomplished.

The Taco Bell Chihuahua, a Doberman and a Bulldog are in a doggie bar having a drink when a good-looking female Collie comes to them and says, "Whoever can say liver and cheese in a sentence can have me." So, the Doberman says, "I love liver and cheese." The Collie says, "That's not good enough." The Bulldog says, "I hate liver and cheese." She says, "That's not creative." Finally, the Chihuahua says, with half closed eyes, "Liver alone.....cheese mine."

Director Candidates

The race is on. There are four positions on the CASI Board up for election at the Great Peppers' Meeting. Those running again are Cindy Reed, Jim Stateczny and Jimmy Taylor. Harvey West has decided not to run again. Three other candidates have submitted their intent to run; they are George Ralston, Jaime Rohr and Guy Smith. We'll know in a few short days who will represent CASI on the Board for the 1999/2000 year. At the Great Peppers' Meeting, following the election of Board members, the Board meets briefly to elect officers. We're in for an exciting time!

The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts, it is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think or say or do. It is more important than appearance, giftedness or skill. It will make or break a company . . . a church . . . a home. The remarkable thing is we have a choice every day regarding the attitude we will embrace for that day. We cannot change our past. We cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude! I am convinced that life is 10% what happens to me and 90% how I react to it. And so it is with you. We are in charge of our attitudes!" -- Charles Swindol

TICC Memorial Board

Sadly, this chili year we lost some dear chili cooks and friends. The following list has been compiled through Elton Homesley's diligent watching of the Trails and GGG and listening to cooks. If you know of a name that should be added to the following list or if there are corrections to the list, please contact Elton at homesley@texas.net.

Thank you, Elton, for undertaking such a sad project.

Slow Dance

Have you ever watched kids on a merry-go-round
Or listened to the rain slapping on the ground?
Ever followed a butterfly's erratic flight
Or gazed at the sun into the fading night?

You better slow down
Don't dance so fast
Time is short
The music won't last

Do you run through each day on the fly
When you ask "How are you?," do you hear the reply?
When the day is done, do you lay in your bed
With the next hundred chores running through your head?

You'd better slow down
Don't dance so fast
Time is short
The music won't last

Ever told your child, "we'll do it tomorrow"
And in your haste, not see his sorrow?
Ever lost touch, let a good friendship die
'Cause you never had time to call and say "Hi"?

You'd better slow down
Don't dance so fast
Time is short
The music won't last

When you run so fast to get somewhere
You miss half the fun of getting there.
When you worry and hurry through your day,
It is like an unopened gift....
Thrown away...

Life is not a race,
Do take it slower
Hear the music
Before the song is over.
